

## Harvey H. Hebert Memorial Award

The Hebert Award is presented to members of the Fraternity who have performed an outstanding act for the good of the Fraternity, or whose diligence and persevering work has made them worthy of the award. Recipients must have been a member in good standing for at least 10 years.

The first Harvey H. Hebert Award was presented in 1931 in memory of Harvey H. Hebert, *Tulane University '21*, who was killed in a tragic car accident while serving as Chapter President at Tulane. At the time of his death, he also served as president of Phi Delta Phi legal fraternity and was first in his class academically. The Hebert Award was the highest award in the Fraternity until the creation of the Mr. Delta Sig Award in 1969.
